“

Its been the people that I met that have made the biggest difference. Through them I have met others...and others. Having a network of game changers to call upon has helped me keep on track. It's sometimes a lonely place when you want to make a difference.

“

Improved my network and understanding of other advocates working in this space. Encouraged me to strive for better and continue to pursue what I care about most.

“

I have tremendously scaled my impact internationally ever since.

“

Enjoyable and useful. A slow burn rather than a 'hand brake turn' experience. It's taken the 18 months to get to the full benefit - changes aren't quick. Benefits from the onsite sessions, the coaching and mentoring. I took a chance and it paid off. Well worth it.

“

Increased funding for my charity.

“

PFC has provided me with a network of like minded individuals and the tools to guide myself and stay true to my purpose.

The beating heart of Pioneers for Change is focused around an intimate 3-day long dynamic, lively and creative forum in London, supported by ongoing activities throughout the year.

We are seeking strategic partners and financial backing to underpin the incubation phase of the organisation, support possibilities, mobilise our Alumni and future Fellowships, and finance scholarships for those who can't afford to be there, but deserve to be.

**Our imperative is to bring about meaningful social and positive change.**
